【Breaking News】 Tokyo Tech OPen innovation TTOP2023

Open Innovation Platform and Innovation Design Platform, Office of Research and Innovation of Tokyo Institute of Technology held "Tokyo Tech OPen innovation (TTOP) 2023" on October 4th and 5th in 2023 (<https://www.ori.titech.ac.jp/event/ttop2023/>). It's one of the biggest events of Tokyo Institute of Technology, where we consider what the next-generation industry-academia collaboration platform should be. In the afternoon of Thursday, March 5, was a special day for the Tokyo Tech's largest industry-university collaboration event.

In the afternoon of Thursday the 5th, we had a pitch session of 11 Tokyo Tech venture companies. The results of its contest are shown below. The social networking-event that followed was a great success, with so many people attending that it overflowed the venue. We would like to thank all the participants, sponsors, booth exhibitors, and others involved in the event.

Grand Prize of Tokyo Institute of Technology's Ventures

Mr. Shogo Hamada, CTO, Dash Materials Inc.

Special Award of Tokyo Institute of Technology's Ventures

Mr. Daiki Ishikura, CEO and Representative Director, Logomix Inc.
